Feature and Amenities

Property Description

Anna-Mari and Mylo Real Estate are proud to offer one of a kind three bedroom apartment for rent in Marina Residence 4. This apartment has been fully remodeled and upgraded with high standards. The kitchen is open plan and fitted with modern appliances and the living and dining room has a large tv and a cozy electric fireplace. Instead of having three en-suite bedrooms the owners have created two extra-large en-suite bedrooms of which one has a spacious walk in wardrobe perfect for someone who needs a majestic wardrobe and separate shoe cabinets. The third bedroom has been taken out and there is a small room that is accessible from the balcony that doesn't have en-suite bathroom. Along the hallway you have a maid's room and a guest powder room. The residents in Marina Residence can access the pool and gym and the wonderful Palm Marina Walk. This apartment needs to be seen to be appreciated. For more information from our property consultants, you may reach us through +971 50 914 4219.
